

Listing of The Claims

Below is a complete listing of the claims as currently pending:

1-13. Cancelled

14. (Previously presented) An apparatus comprising:

a storage medium having stored thereon a plurality of programming instructions designed to enable a media player of the apparatus to

receive an identifier of a graphical display object,

retrieve default definition data of a class related to the graphical display object, the class default definition data having default values for a first plurality of elements of the graphical display object,

retrieve custom definition data related to the graphical display object, the custom definition data having custom values for a second plurality of elements of the graphical display object, one or more of the first and second elements being the same elements,

build the graphical display object based first, on the custom values of the second plurality of elements and then, on the default values of the first plurality of elements that are not included among the second plurality of elements; and

a processor communicatively coupled to the storage medium to execute the programming instructions.

15. (Previously presented) A method comprising:

receiving by a media player operating on an electronic device, an identifier of a graphical display object;

retrieving by the media player, default definition data of a class related to the graphical display object, the class default definition data having default values for a first plurality of elements of the graphical display object;

retrieving by the media player, custom definition data related to the graphical display object, the custom definition data having custom values for a second plurality of elements of the graphical display object, one or more of the first and second elements being the same elements; and

building by the media player, the graphical display object based first, on the custom values of the second plurality of elements and then, on the default values of the first plurality of elements that are not included among the second plurality of elements.

16.-24. Cancelled

25. (Previously presented) The apparatus of Claim 14, wherein the graphical display object relates to a graphical user interface object.

26. (Previously presented) The apparatus of Claim 25, wherein the graphical user interface object includes one or more selected from the group consisting of buttons, windows, menus, and touch sensitive screens.

27. Cancelled.

28. (Previously presented) The method of Claim 15, wherein the graphical display object relates to a graphical user interface object.

29. (Previously presented) The method of Claim 28, wherein the graphical user interface object includes one or more selected from the group consisting of buttons, windows, menus, and touch sensitive screens.

30.-33. Cancelled

34. (Previously presented) The apparatus of claim 14, wherein the media player is an audio player.

35. (Previously presented) The method of claim 15, wherein the media player is an audio player.

36. -37. Cancelled

38. (New) The apparatus of claim 14, wherein the apparatus is a selected system one from the group consisting of a portable computing device, a portable audio player, a portable video player, a server, a computer workstation, a local area network of individual computers, an interactive television, an interactive kiosk, a personal digital assistant, an interactive wireless communication device, a handheld computer, a telephone, a router, a satellite, a smart card, and an embedded computing device.
